NEW INDUSTRIAL

The Diesel Get Together kitchen by Scavolini is an evolution of the hugely successful modular Diesel Social kitchen collection launched four years ago. The idea is that individual components can be put together to create a personalised, soft industrial look that feels at home in any kitchen/living space. To help further bridge the gap between these two areas, Get Together is completed by the Misfits collection: a series of painted metal storage elements including trolleys, tables and cupboards. Diesel Get Together kitchens start from £15,000, Scavolini →
